- We will be looking at including more music opportunities next year by purchasing more musical instruments.
- We strive too always improve our communication. We have introduced TA specific meetings to improve staff communication and next year's timetable now has a morning and afternoon registration period, which will be an opportunity to communicate more with form groups.

- Quiet spaces are limited due to the size of the school but we usually find one if we need to.
- Pupils are allowed time out of lessons when they need it.
- Our recently reformed student council will give pupils the opportunity to make decisions on what is in their classrooms.
- Trips out will hopefully increase now that Covid is less of a threat.
