

Young Parents Centre Nursery

Fire Safety

At Young Parents Centre Nursery, we make sure the nursery is a safe environment for children, parents, staff and visitors through our fire safety policy and procedures.

The designated fire marshal, Kath Formby, makes sure the nursery premises are compliant with fire safety regulations, including following any major changes or alterations to the premises and seeks advice from the local fire safety officer as necessary.

The designated fire marshal has overall responsibility for the fire drill and evacuation procedures. These are carried out and recorded every term or as and when a large change occurs. These drills will occur at different times of the day and on different days to ensure evacuations are possible under different circumstances and all children and staff participate in the rehearsals.

The site manager checks fire detection and control equipment and fire exits in line with the timescales in the checklist below.
