

Young Parents Centre Food Play Policy

At **Young Parents Nursery** we ensure any food we use for play with the babies and young children is carefully supervised. We will also use the following procedures to ensure children are kept safe:

- Choking hazards are checked and avoided
- We will not use whole jelly cubes for play. If we do use jelly to enhance our play then all jelly will be prepared with water as per the instructions and then used
- Small objects such as dried pasta and pulses will only be used for older children and under supervision
- All allergies and intolerances will be checked and activities will be adapted to suit all children's needs so no child is excluded and all staff and parents are aware of the ingredients and allergens.
- Children's allergies will be visible to staff when placing out food play activities to ensure all needs are met
- Any cooking activities will be checked prior to start to ensure all children are able to use all the ingredients based on their individual needs
- We will not use food in play unless it enhances the opportunities children are receiving from the activity. Many of the food will be reused in other activities, especially the dry materials.

Date of Policy - April 2020

Date of Review - April 2022
