

PSHE Curriculum summary

The KS3 and KS4 PSHE and Y10 Lifeskills curriculum are carefully planned to provide pupils with increasing knowledge and skills as they progress through Maple. The curriculum covers Sex & Relationship Education (SRE), elements of citizenship, emotional intelligence, financial education, personal hygiene, healthy eating, drugs and alcohol, personal safety, independent travel, multi-culturalism & diversity, a sporting activity, charitable activities and careers.

It is underpinned by additional input on Fundamental British Values, social, moral, religious, spiritual & cultural education, and current affairs in morning meetings. Outside speakers are organised to support & enrich the PSHE curriculum on a variety of subjects such as fire safety, joy-riding and sexual health.

All PSHE work is accredited by AQA either as stand alone Unit Awards or in Y10/Y11 PSHE as a PSHE Award (for completing 4 units) or Certificate (for completing 7 units)
