Section 13: Effective Transition

Section 14: Admission Arrangements

Section 15: Accessibility and Exam Access arrangements

Section 16: Storing and Managing information

Section 17: Complaints

Section 18: Other key members of staff in our school

Section 19: Links with Other Services

Section 20: Information on where the Local Authority's Local Offer is published

NOTE: Child/ children are used throughout to refer to children and young people unless a quote e.g. from the Code.

Section 2: Legislative Compliance

2.1 This policy complies with the statutory requirement laid out in Paragraph 3.66 of the SEND Code of Practice 0 – 25 January 2015. It also meets the requirements of the Statutory Instrument: Special Educational Needs (Information) Regulations (Clause 65).

This guidance is for staff, parents /carers, children and practitioners across education, health and care agencies. It is written with reference to the following further guidance and documents:

- Part 3 of the Children and Families Act 2014 and SEND Code of Practice January 2015
- Equality Act 2010, subsequent updates and DfE advice for schools, February 2013
- Statutory Guidance on Supporting pupils at school with medical conditions, April 2014
- Ofsted Section 5 Inspection Framework, January 2014
- Teachers Standards 2012
- National Inclusion Statement

2.2 Our school has separate policies in place for:

Safeguarding, Accessibility, Children in Care, Anti-Bullying, Self-Harm, Disordered Eating, Absconding

These and further policies can be found on the Maple website:

WWW.MAPLEMEDICAL.ORG.UK

2.3 Our SEND Information Report sets out how we are implementing our SEND Policy and meeting our duties under the Equality Act 2010. This is also on the website

2.4 The Department for Education has published a Guide for Parents/ carers on the SEND Code of Practice which can be accessed on our website.

2.5 There is a guide for parents for Mental Health and Behaviour which is on our website

2.6 The Local Offer is on our website

Section 3: Profile and Values

3.1 Our School Profile

Maple Medical PRU is an educational provision for pupils across the Doncaster Metropolitan Borough. It consists of the Hospital School which caters for children who are in Hospital, the Link Education Centre which caters for pupils who are too ill for school but not requiring hospitalisation and we also cater for pupils on home tuition for medical reasons; JASP Education Centre for pupils with severe and enduring mental health needs as diagnosed by CAMHS, Young Parents Centre for school age mothers and mothers to be and Mulberry for KS2/KS3 pupils with a diagnosis of ASD who are higher functioning. There is also a nursery attached for the babies of our young mums.

3.2 Our School Values

Maple Medical PRU is committed to;

- providing a secure, enjoyable and stimulating learning environment which will enable pupils to realise their potential as individuals in society;
- providing equal access to a broad and balanced curriculum which:
 - (a) meets statutory requirements;
 - (b) reflects the cultural diversity of society;
 - (c) meets the needs of all pupils;
 - (d) develops skills for independence and a pathway for an active role in society
- maintaining close contact with the home: making parents/carers welcome in the school and to enable them to play a full part in the education of their children.
- celebrating our children's strengths, interests and individuality
- having high expectations and aspirations daily for all our children
- ensuring the views, wishes and feelings of our children are central to all we do
- ensuring that we work positively and proactively with parents/carers and others involved
- enabling our pupils to feel secure, safe and valued
- encouraging our pupils to participate in the life of our school
- ensuring that our teachers are teachers of children with SEND and are responsible for their progress and development

Section 4: Aims and Objectives of our approach to SEND

4.1 We aim to:

- put our values into practice every day
- use our best endeavours to achieve maximum inclusion and success for all our children
- encourage high levels of participation from children, parents and carers
- have a clear focus on steps toward positive life-long outcomes
- explain what we do, when, why and how
- meet our statutory duties

4.2 Our Objectives are:

- to work in partnership with families and others involved in the care of children in our school
- to promote children's self-esteem and emotional health and well-being and help them to form and maintain meaningful relationships based on respect for themselves and others
- to sustain a "whole child, whole school" approach to the co-ordination and provision of support for special educational needs
- to ensure that every teacher is a competent teacher of every child, including those with SEND through well targeted and continuing professional development
- to deploy effective support staff whilst acknowledging that additional intervention and support cannot compensate for a lack of good quality teaching
- to provide differentiated and personalised learning opportunities building on each child's strengths and interests
- to identify needs, particularly of vulnerable and disadvantaged children, at the earliest opportunity, meet their needs, and review their progress regularly
- to make every effort to narrow and close the gap in achievement between vulnerable and disadvantaged children and their peers
- to focus on individual progress across a wide range of outcomes as the main indicator of success
- to develop and support the role of Special Educational Needs Coordinator (SENCO), as part of an SEND team, who will work within the SEND Policy and in turn provide support and advice for all staff working with children with SEND
- to map provision across our school to ensure that staffing deployment, resource allocation and choice of intervention is leading to good learning outcomes for all
- to work in cooperative and productive partnership with the Local Authority and other outside agencies, to ensure there is a multi-professional approach to meeting the needs of all vulnerable and disadvantaged learners
- to keep up to date with the provision and services set out in the Local Authority's Local Offer to maximise mainstream universal services and funded targeted and specialist provision and services
- to work always in the best interests of the child alongside our responsibility to ensure the effective and efficient use of public resources.

Section 5: Definitions of SEN and of Disability

5.1 SEN Definition

A child or young person has SEN if they have a learning difficulty or disability which calls for special educational provision to be made for him or her.

A child of compulsory school age or a young person has a learning difficulty or disability if he or she:

- has a significantly greater difficulty in learning than the majority of others of the same age, or
- has a disability which prevents or hinders him or her from making use of facilities of a kind generally provided for others of the same age in mainstream schools or mainstream post-16 institutions

Special educational provision is educational or training provision that is additional to or different from that made generally for others of the same age. This means provision that goes beyond the differentiated approaches and learning arrangements normally provided as part of high quality, personalised teaching.

Children may be identified as having long term and significant SEND if they are not making adequate progress despite good quality, differentiated teaching and all relevant and purposeful interventions and strategies being in place.

5.2 Communication and Interaction (C and I)

Children with speech, language and communication needs (SLCN) have difficulty in communicating with others. They have difficulty saying what they want to, understanding what is being said to them or they do not understand or use social rules of communication. The profile for every child with SLCN is different and their needs may change over time. They may have difficulty with one, some or all of the different aspects of speech, language or social communication at different times of their lives.

Children with Autism Spectrum Condition (ASC), including Asperger's Syndrome and Autism, are likely to have particular difficulties with social interaction. They may also experience difficulties with language, communication and imagination, which can impact on how they relate to others.

5.3 Cognition and Learning (C and L)

Support for learning difficulties may be required when children learn at a slower pace than their peers, even with the right level of differentiation.

Learning difficulties cover a wide range of needs, including:

- moderate learning difficulties (MLD),
- severe learning difficulties (SLD), where support may be needed in all areas of the curriculum and with mobility and communication; and

- multiple learning difficulties (PMLD), where children are likely to have severe and complex learning difficulties as well as a physical disability or sensory impairment;
- Specific learning difficulties (SpLD), affect one or more specific aspects of learning. This encompasses a range of conditions such as dyslexia, dyscalculia and dyspraxia.

5.4 Social, emotional and mental health difficulties (SEMH)

Any concerns relating to a child or young person's behavior should be described as an underlying response to a need and the category of behavioural, emotional and social difficulties (besd) is no longer a type of SEND.

Children and young people may experience a wide range of social and emotional difficulties which are noticeable in many ways. These may include becoming withdrawn or isolated, as well as displaying challenging, disruptive or disturbing behaviour. These behaviours may reflect underlying mental health difficulties such as anxiety or depression, self-harming, substance misuse, eating disorders or physical symptoms that are medically unexplained. Other children and young people may have disorders such as attention deficit disorder (ADD), attention deficit hyperactive disorder (ADHD) or attachment disorder (AD).

The Department for Education (DfE) has published Guidance for parents on managing pupils' mental health and behaviour difficulties in schools. There is a link to this document on the website.

5.5 Sensory and/or physical needs

Some children and young people require special educational provision because they have a disability which prevents or hinders them from making use of the educational facilities generally provided. These difficulties can be age related and may fluctuate over time.

Many children and young people with vision impairment (VI), hearing impairment (HI) or a multi-sensory impairment (MSI) will require specialist support and/or equipment to access their learning, or habilitation support. Children and young people with an MSI have a combination of vision and hearing difficulties.

Some children and young people with a physical disability (PD) require additional on-going support and equipment to access all the opportunities available to their peers.

5.6 Difficulties which may not be related to SEN

Some children in our school may be underachieving, which may be caused by a poor early experience of learning, but will not necessarily have a special

educational need. It is our responsibility to spot this quickly and ensure that appropriate interventions are put in place to help these children 'catch up'.

Difficulties related solely to difficulties in English as an additional language are not SEN. We assess all aspects of a child's performance in different areas of learning and development to establish whether lack of progress is due to their poor understanding of English or if it arises from SEN or a disability.

The following concerns may impact on a child's progress and attainment but are not in themselves indicators of SEN:

- Attendance and Punctuality
- Health and Welfare
- Being in receipt of Pupil Premium Grant
- Being a Looked After Child
- Being a child of Serviceman/woman

5.7 Disability

The definition of disability under the Equality Act 2010 is '...a physical or mental impairment which has a long-term and substantial adverse effect on their ability to carry out normal day-to-day activities'.

This definition provides a relatively low threshold and includes more children than may be expected: 'long-term' is defined as 'a year or more' and 'substantial' is defined as 'more than minor or trivial'.

This definition includes sensory impairments such as those affecting sight or hearing, and long-term health conditions such as asthma, diabetes, epilepsy, and cancer. Children with such conditions do not necessarily have SEN, but there is a significant overlap between disabled children and those with SEN. Where a disabled child or young person requires special educational provision they will also be covered by the SEN definition.

An Accessibility plan is in place and reviewed every 2 years. Care and consideration is taken to the needs of all students. Pre-admission consultations take place to identify individual needs. Health care plans are in place when required. PEEPs are (Personal Emergency and Evacuation Plan) in place for all pupils. Adaptions are made, where necessary to ensure that our facilities are safe and welcoming to all students with SEND, such as lighting, noise, adapted chairs and equipment.

There is a rest room and quiet area available for breaks and sleeps if required. There is supervised break and lunch provision. Specialist VI, HI and ASD teachers advise and upskill staff and audit facilities.

All SEND students are encouraged to participate in educational visits, residential trips, work placements and enrichment activities. Any potential

barriers as a consequence of a disability or impairment are addressed, removed and reasonable adjustments are made when needed.

Section 6: Graduated approach to identifying if a child requires SEN Support

6.1 Whole school general Identification and Assessment

All our children's needs are identified and met as early as possible through:

- liaison with mainstream school and other settings prior to admission
- observation, assessment, target setting and monitoring arrangements (cycle of assessment, plan, do and review)
- listening to and following up parental concerns
- listening to and taking into account the child's views, wishes and feelings
- the analysis of data including baseline assessments and half termly achievement to track individual children's progress over time
- reviewing and improving teachers' understanding of a wide range of needs and effective strategies to meet those needs
- exchanging information from other services across education, health, care and the voluntary sector
- involving an external agency, and the Educational Psychology Service (EPS) as a minimum, where it is considered that a special educational need may be significant and long term and may require more in-depth and frequently reviewed cycles of assess, plan, do and review.

6.2 General provision for **all children using core school funding**

- All children will have access to well-differentiated, quality first teaching enhanced, where appropriate, through low level, short term interventions.
- Children who are underachieving will have been identified as needing to make accelerated progress but will not necessarily be children with SEN.
- The whole school monitoring enables us to:
 - o plan strategically to meet children's identified needs and track their provision;
 - o audit how well provision matches need;
 - o recognise gaps in provision;
 - o highlight repetitive or ineffective use of resources;
 - o cost provision effectively;
 - o demonstrate accountability for financial efficiency;
 - o demonstrate to all staff how support is deployed;
 - o inform parents/ carers, Management Committee, the Local Authority, external agencies and Ofsted about resource deployment;
 - o focus attention on whole-school issues of learning and teaching as well as individual needs, providing an important tool for self-evaluation.

6.3 Examples of Curriculum Access and Provision

Where children are underachieving and/or identified as having high incidence (low need) special educational needs, our school meets these additional needs in a variety of ways. We use a combination of approaches to address targets identified for individual children.

- teachers differentiate learning activities as part of quality first teaching
- preparation for new learning experiences and vocabulary development
- targeted additional group and, where appropriate, individual support
- bilingual support/access to materials in translation
- differentiation of curriculum resources
- homework/learning support club
- SMART target setting
- support to participate in the life of the school
- All pupils have both personalised pastoral and curriculum targets which are reviewed regularly (minimum termly)
- PRU staff are supported by CAMHS workers, medical professionals, health professionals, school nurses, Educational psychologists, ASCETs team and other professionals where and when appropriate.
- Pupils with SEN are inclusively educated within an age appropriate classroom with their peers most of the time
- Planning, teaching and resources are differentiated within the classroom to ensure pupils are able to achieve objectives
- Small groups ensure each pupil has an individualised timetable adapted to their needs
- 1:1 TA support is available within the classroom and for specific interventions
- Classroom and timetables support pupil's independence
- If additional support is identified as necessary, pupils take part in planned, evidence-based intervention and are provided at a time to suit need
- Support is personalised and targeted
- Adults working with a child with SEN communicate regularly to ensure a consistent approach to teaching and learning

Extra-curricular activities

- Every pupil is encouraged to join in extra-curricular activities, which are adapted where possible
- There is a travel training programme in conjunction with the Learning Mentor/volunteers/ASCETS.
- Basic skills intervention programmes such as accessing public transport, money management, parenting, coping strategies for pain management or mental health issues are offered by support staff.

- Independence is encouraged through assess, plan, do, review meetings.
- There is the opportunity of work experience in Year 11– bespoke programme for high need SEN students
- There is supported transition back into mainstream schools
- Residential weekends, adapted sports days and other activities are on offer.

6.4 Monitoring and Evaluation of progress

- ongoing assessment of progress against targets and expected outcomes
- work sampling and moderation
- scrutiny of planning and level of differentiation and use of classroom resources through Learning walks
- informal feedback from all staff
- child and parental questionnaires and conversations
- pupil progress tracking using assessment data
- attendance records and liaison with Education Welfare Officer (EWO) where appropriate
- regular meetings about children’s progress between teachers and the SLT
- Learning walks
- StEP (Standard and Effectiveness Partner) visits
- Management Committee member visits and challenge at meetings
- Ofsted

6.5 Additional SEN Support provision, monitoring and review using school’s delegated additional needs funding

The Children and Families Act 2014 and the SEND Code of Practice January 2015 has introduced SEN support to replace School Action and School Action Plus from September 2014.

In addition to the identification, assessment, provision and monitoring for all children, our approach to SEN Support is as follows:

- the class teacher, sometimes with the SENCO, will discuss with parents/ carers if we feel that their child requires SEN Support;
- additional SEN support will be in place when a child’s needs require intervention which is “additional to” or “different from” the well-differentiated curriculum offer;

- we will agree targets towards longer term outcomes that are reviewed regularly with parents/ carers and their child as appropriate (on an SEN Support Plan (SSP));
- children will have targets they can understand;
- our SSPs are a planning, teaching and reviewing tool which enables us to focus on particular areas of development for children with special educational needs. They are seen as working document which can be constantly refined and amended;
- we will use the latest LA's guidance on SEN Descriptors;
- targets will address the underlying reasons why a child is having difficulty with learning;
- our SSPs will be accessible to all those involved in their implementation – children should have an understanding and 'ownership of their SSP';
- our SSPs will state what the child can do, what the child has difficulties doing and how they will be supported to move forward with learning and wider outcomes;
- our SSPs will have a maximum of four SMART targets;
- targets for an SSP will be arrived at through:
 - discussion, wherever possible, with parents/carers, teachers, support staff and the child
 - discussion with other practitioners as appropriate
 - classroom observations by the school's Special Educational Needs Co-ordinator (SENCO) and other senior leaders;
- our SSPs will be time-limited – at regular review, there will be an agreed "where to next?";
- our SSPs will be based on informed assessment and will include the input of appropriate outside agencies particularly where concerns are significant and may require consideration of a statutory assessment if expected progress is not made over time.

Where the child's class teacher, SENCo and parent/ carer agrees that the child has made good progress, it may be appropriate for needs to be met through effective class based strategies, resources and whole school interventions and assessment. In this instance, the child would no longer be recorded as being in receipt of SEN Support

Section 7: Request for statutory education, health and care assessment

For some children with SEN, despite the school, family and other agencies working together to put in place all relevant and purposeful interventions and support, expected progress is not made. In these circumstances, external agencies, particularly an Educational Psychologist, will already have been involved in discussing, assessing the child and/or contributing to their provision.

When specialist equipment or a high level of staffing support is required to support a child with SEN, our school will fund this as part of additional SEN support. Children with no SEN but with a disability under the Equality Act

definition may need equipment provided as a reasonable adjustment as long as this is not cost prohibitive. Specialist equipment and expertise in relation to its use will be purchased/hired/ commissioned by the school from the open market, subject to the usual guarantees, service level agreements and quality assurance criteria. Our school will, wherever possible, join with other schools in joint purchasing/hire of equipment.

For some children additional provision and support will need to be deployed for the longer term in order to meet their needs and planned outcomes effectively. A multi-agency meeting will discuss if it is appropriate to submit a request to the Local Authority to consider whether a statutory assessment of education, health and care needs is necessary. Advice will be sought from the LA's SEN Team before a request is submitted.

Section 8: Statement of Special Educational Needs or Education Health and Care Plan

Children with a statement of educational needs (pre September 2014) or an Education Health and Care Plan (post September 2014) will have access to all arrangements for ***children in receipt of SEN Support*** and, in addition to this, will have an Annual Review of their statement/plan. Supplementary or early reviews may be called if required.

Our review procedures fully comply with those recommended in Section 6.56 and 9.173-6 of the Special Educational Needs Code of Practice January 2015.

Section 9: Management of SEND within our school

9.1 General

The Head teacher and the Management Committee have delegated the responsibility for the ongoing implementation of this SEND Policy to our Special Educational Needs Coordinator (SENCO). The SENCO is responsible for reporting regularly to the Head teacher and the Committee member with responsibility for SEN on the ongoing effectiveness of this policy. The Designated Teacher for Looked After Children has strategic responsibility for the inclusion of children who are adopted or in local authority care

All staff in school have a responsibility for maximising the achievement and opportunity of vulnerable and disadvantaged learners. All staffing appointments to support any vulnerable or disadvantaged child will be carried out in accordance with equal opportunities legislation, employment law, safer recruiting policy and best practice. All vacancies will be competitively advertised and recruited.

9.2 Head teacher

The Headteacher is responsible for monitoring and evaluating the progress of all children and for making strategic decisions which will maximise their opportunity to learn

9.3 Special Educational Needs Coordinator (SENCO)

Our SENCO will oversee the day- to-day operation of this policy and will:

- be a qualified teacher working at our school. If our SENCo has not been employed in this capacity at our school or elsewhere for at least 12 months, he/she will gain statutory accreditation within three years of appointment
- strategically support the quality of teaching, evaluate the quality of support and contribute to school improvement
- maintain and analyse our whole-school provision map for vulnerable and disadvantaged children
- identify on the provision map those children requiring SEN support from the school's delegated budget, children in receipt of High Needs funding and with Statements of Special Educational Need or Education Health and Care plans
- co-ordinate provision for children with SEN
- liaise with and advise teachers and other classroom / targeted support staff
- oversee the records on all children with SEN
- liaise with parents/ carers of children with SEN, in conjunction with class teachers
- contribute to the in-service training of staff as part of the school's development plan and annual schedule of continuous professional development
- review and revise learning and wider outcomes on SSPs
- liaise with mainstream schools who co-ordinate multi agency meetings and statutory Annual Reviews for children with a Statement of SEN or Education Health and Care Plan or comply with requests to participate in meetings led by other lead practitioners
- ensure effective and timely transition arrangements for children moving into and out of our school
- evaluate regularly the impact and effectiveness of all additional interventions for children with SEN
- follow Local Authority guidance and procedures when it is considered that a child with significant and long term SEN may require significant support through statutory processes
- attend SENCO network meetings and training as appropriate
- liaise with the school's SEN Management Committee member, keeping him/her informed of current issues regarding provision for children with SEN

- liaise closely with a range of outside agencies to support vulnerable learners
- Attend Maple SEND team meetings

9.4 Classroom and subject teachers

Teachers are responsible for the four stages (assess, plan, do, review) of action with the support and guidance of the SENCO and specialist staff.

Our teachers will:

- focus on outcomes for every child and the outcome wanted from any SEN support;
- be responsible for meeting special educational needs under the guidance of the SENCO and Head teacher;
- have high aspirations for every child setting clear progress targets; and
- Involve parents/ carers and the child in planning and reviewing progress: sharing information, seeking their views and providing regular updates on progress.

9.5 Teaching Assistants

- TAs are part of our whole school approach to SEN working in partnership with the classroom/subject teacher and the SENCO.
- We deploy our TAs depending on their level of experience.
- Our TAs are most effective when the support they give is focused on the achievement of specific outcomes.
- TAs can be part of a package of support for the individual child but are never be a substitute for the teacher's involvement with that child.

Section 10: Partnership with Parents/Carers

Our school aims to work in partnership with parents and carers. We do so by:

- working effectively with all other agencies supporting children and their parents/ carers;
- giving parents and carers opportunities to play an active and valued role in their child's education;
- making parents and carers feel welcome;
- encouraging parents and carers to inform school of any difficulties they feel their child may be having or other needs their child may have which need addressing;
- instilling confidence that the school will listen and act appropriately;
- focusing on the child's strengths as well as areas of additional need;
- allowing parents and carers opportunities to discuss ways in which they and the school can help their child;
- agreeing targets for all children, in particular, those not making expected progress and, for some children identified as having SEN, involving

parents/ carers in the drawing-up and monitoring progress against these targets;

- keeping parents and carers informed and giving support during assessment and any related decision-making process;
- making parents and carers aware of sources of information, advice and support;
- providing all information in an accessible way for parents/ carers with English as an Additional Language;
- producing an SEN Information Report that will be published on the school website; and
- Publishing information about the Pupil Premium (expenditure & impact) on the school website.

Section 11: Involvement of Children

Children have the right to be involved in making decisions and exercising choice. In most lessons, all children are involved in monitoring and reviewing their individual progress through the use of layered targets. We endeavour to involve all children fully by encouraging them to:

- share their views about their education and learning;
- identify their own needs and learn about learning;
- share in individual target setting across the curriculum so that they know what their targets are and why they have them;
- self-review their progress and set new targets;
- monitor their success at achieving the targets on their SEN Support Plan; and
- Create a One Page Profile of their likes, dislikes, family, friends, strengths, needs and aspirations for their future.
- Attend any support plan meetings regarding their education.

Section 12: Supporting pupils at school with medical conditions

Some children in our school have medical conditions that require care and support to enable full access to education, including school trips and physical education. Some children with medical conditions may be disabled and where this is the case the school will comply with its duties under the Equality Act 2010.

Some may also have special educational needs (SEN) and may have a Statement, or EHCP which brings together health and social care needs, as well as their special educational provision.

Section 13: Effective Transition

- For all children, we will ensure early and timely planning for transfer into our school, within our school year groups, return to their mainstream school and onto the next phase of education.
- When children are due to leave our PRU, they and their parents/ carers will be encouraged to consider all options for the next phase of education. We will involve outside agencies, as appropriate, to ensure information is impartial, comprehensive but easily accessible and understandable. Accompanied visits to other providers may be arranged as appropriate.
- We will discuss transition needs of all children with Statements of SEN or an Education Health and Care Plans at their statutory Annual Reviews.
- From admission, we will begin to discuss children's hopes for the future and other aspects in preparing for adulthood
- A transition timeline will be produced and shared with the family.

Section 14: Admission Arrangements

No child will be refused admission to school on the basis of his or her special educational need, ethnicity or language need. In line with the Equalities Act 2010, we will not discriminate against disabled children and we will take all reasonable steps to provide effective educational provision (*see Admission policy for the school*).

Section 15: Exam Access arrangements

The school is committed to providing equal opportunities for all pupils. Where pupils have a need which prevents them from accessing examinations, provision will be made.

Access Arrangements are modifications made in Public Examinations and assessments taken under controlled conditions for pupils with evidence of a defined need. They allow pupils with a defined need to fully display their skills, knowledge and understanding in Public Examinations. There are various Access Arrangements and pupils may be granted one or more of these depending on their needs with evidence supporting this following the guidance and regulations laid down by examination boards and the Joint Council for Qualifications (JCQ).

Section 16: Storage of records

SEN Documents and Records are stored in line with the Local Authority Record Keeping Protocol policy which includes information on how long to store documents, when they should be destroyed, what should be kept, where, etc.

Section 17: Complaints

If there are any complaints relating to the provision for children with SEN these will be dealt with in the first instance by the class teacher and SENCO, then, if unresolved, by the Head teacher. The Management Committee member with specific responsibility for SEN may be involved if necessary. In the case of an unresolved complaint the issue should be taken through the general complaints procedure (*see separate Complaints Policy*)

Section 18: Other key members of staff in our school

Name of Designated Teacher with specific Safeguarding responsibility: Kath Formby

Name member of staff responsible for managing PPG/LAC funding: Dawn Hollingsworth

Name of member of staff responsible for managing the schools responsibility for meeting the medical needs of pupils: Jane Morgan

Section 19: Links with Other Services

Effective working links are maintained with:

Educational Psychology Service: Contact number: 01302 737291 or email psychology@doncaster.gov.uk

The Special Educational Needs Team: Contact number: 01302 737209 or 737210 or 737211 or email sen@doncaster.gov.uk

SAIDSEND formerly Parent Partnership Service: Contact number 01302 736920 or email parent.partnership@doncaster.gov.uk

Attendance & Pupil Welfare Service: Contact number: 01302 737235 or email apws1@doncaster.gov.uk
