

# Maple Medical PRU

## Pupils' Survey 2021

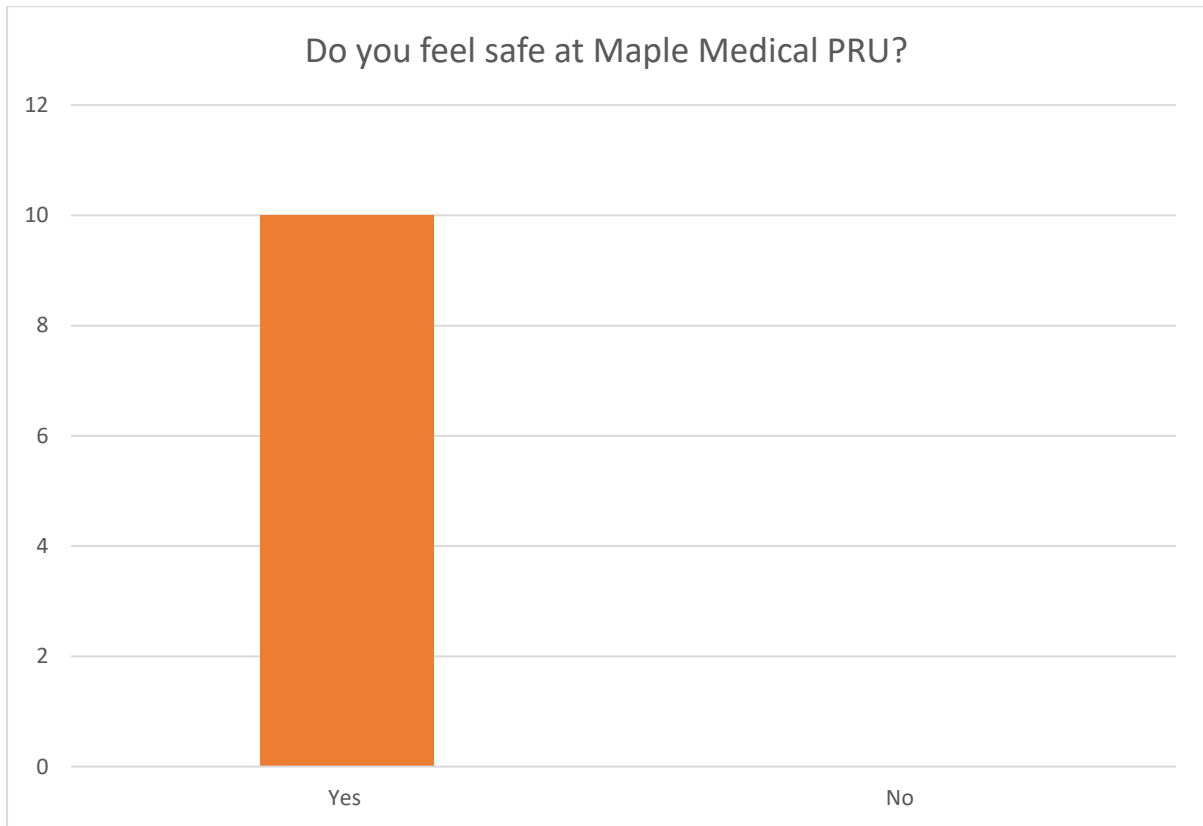

We asked our pupils some questions about Maple Medical PRU. 10 pupils responded and these are their responses;

**Question 1**

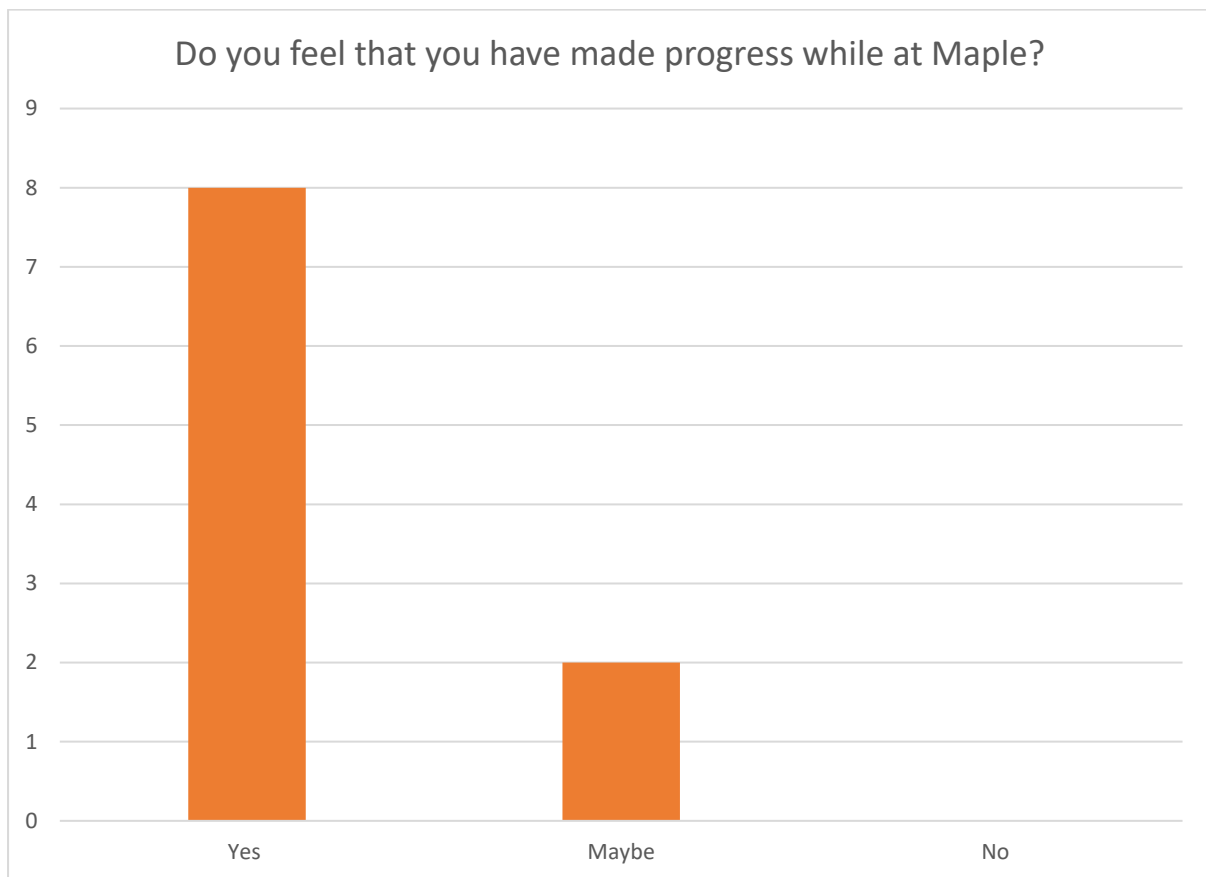

All respondents said they were happy at school.

## Question 2

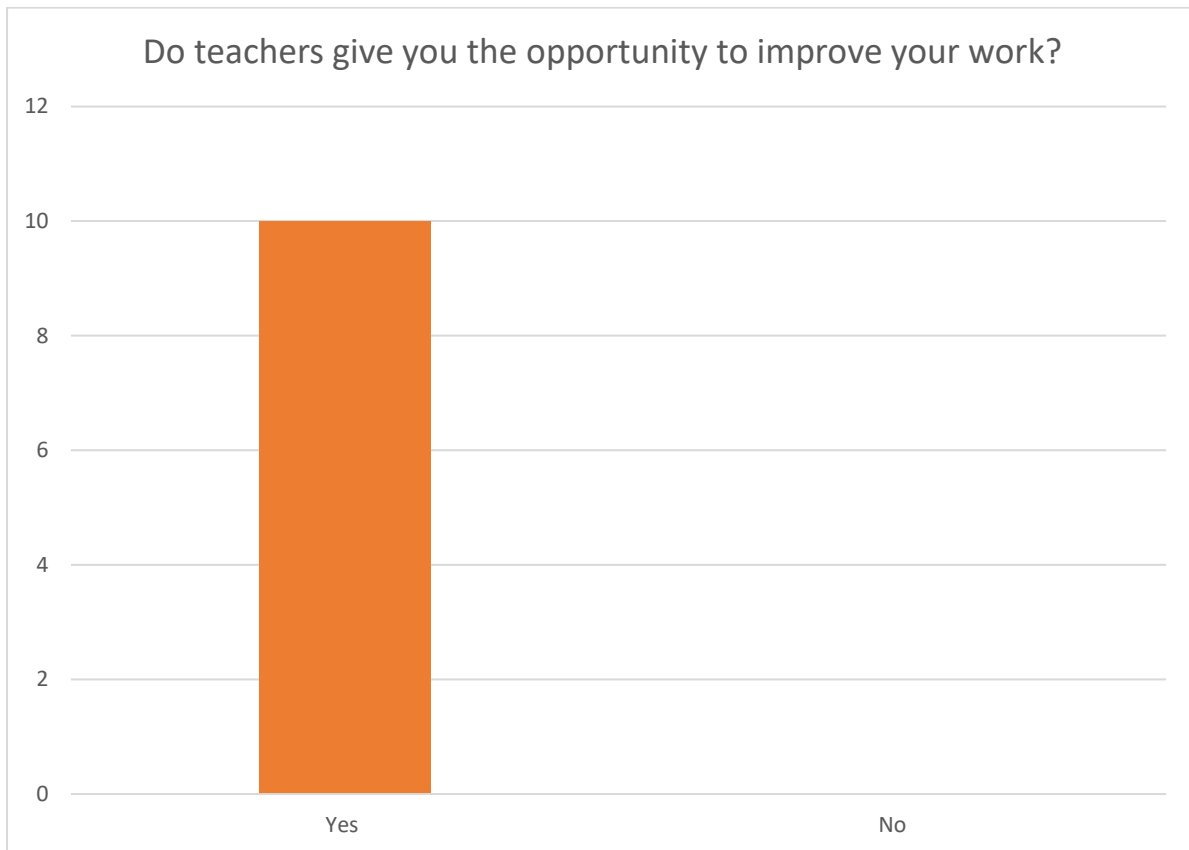

All respondents said they felt safe at school. We take safeguarding and safety very seriously at Maple.

### **Question 3**

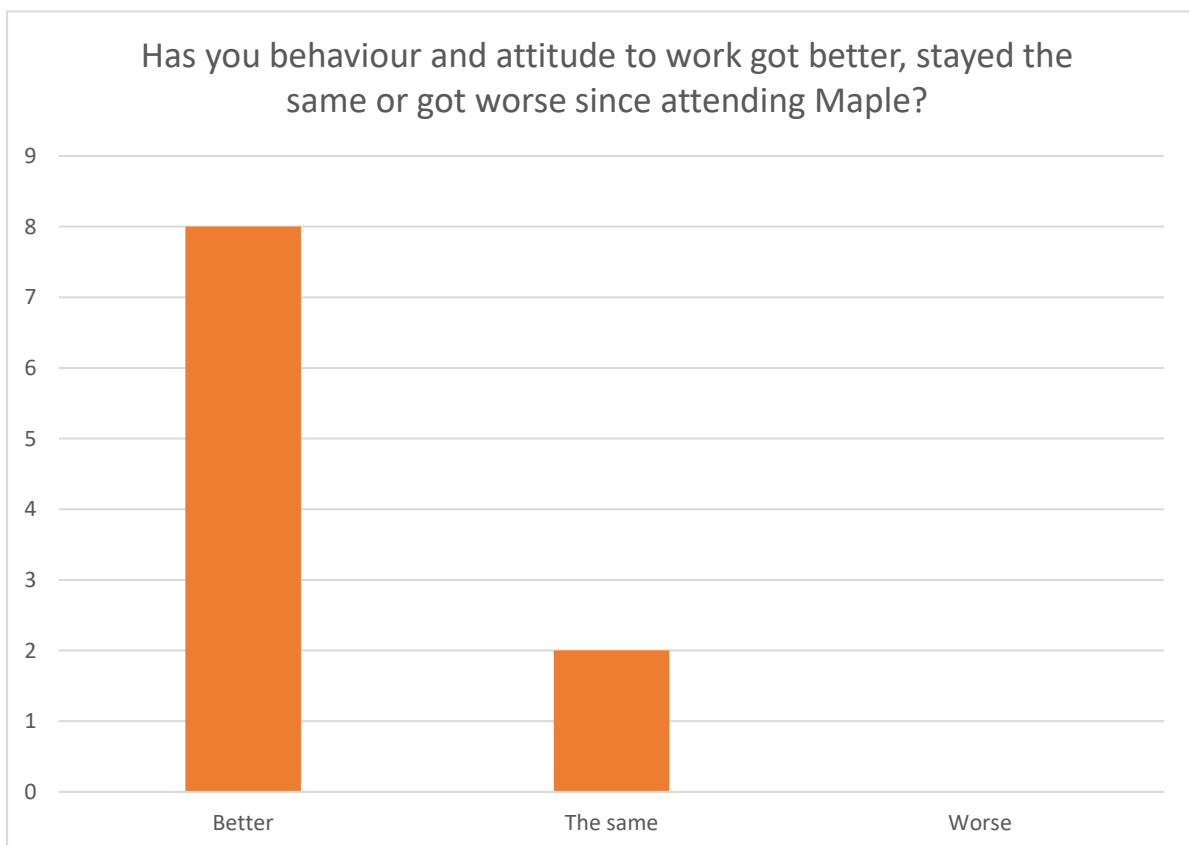

Most pupils who responded felt that they had made progress while at Maple. The other 2 respondents said maybe. We asked pupils to identify whether the progress made was academic, pastoral or both. 4 pupils felt they had made progress academically, 1 pastorally and 5 both academic and pastoral

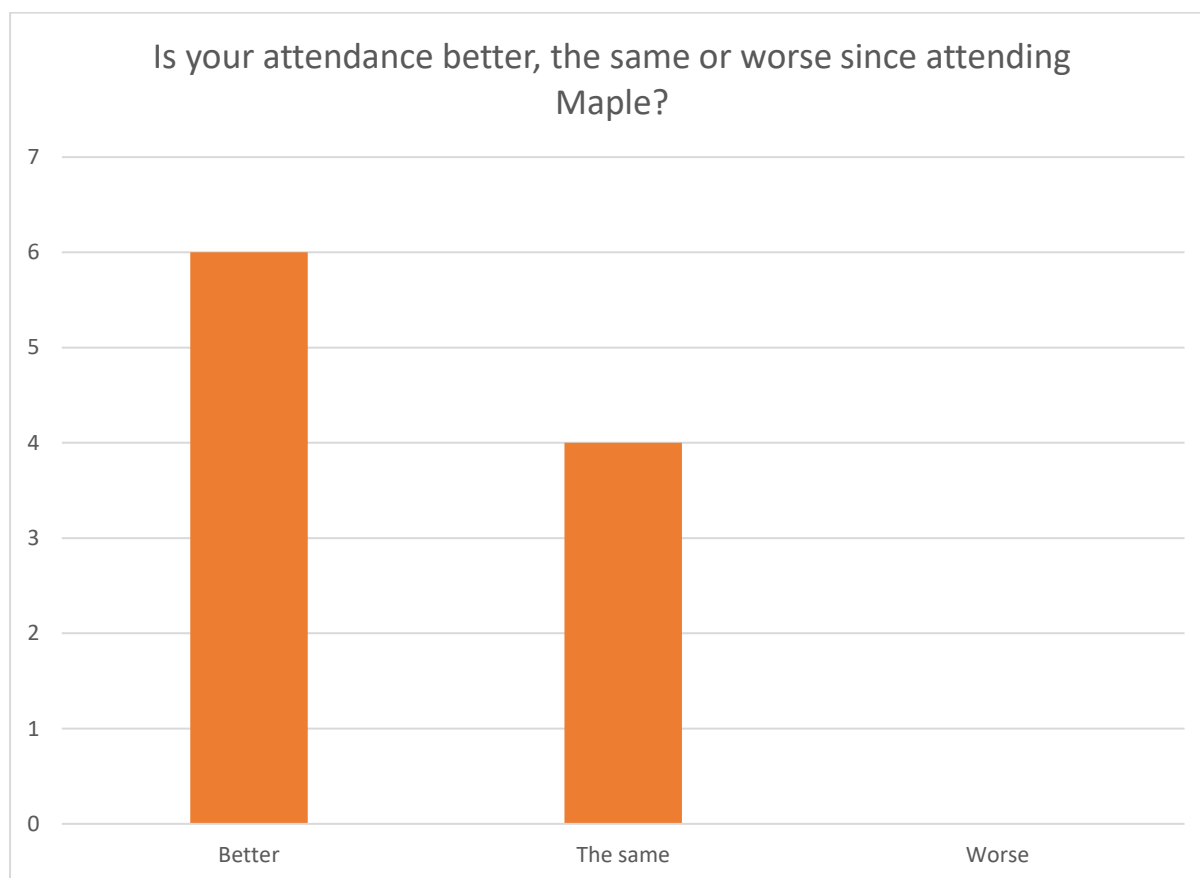

#### **Question 4**

#### **Question 5**

## **Question 6**

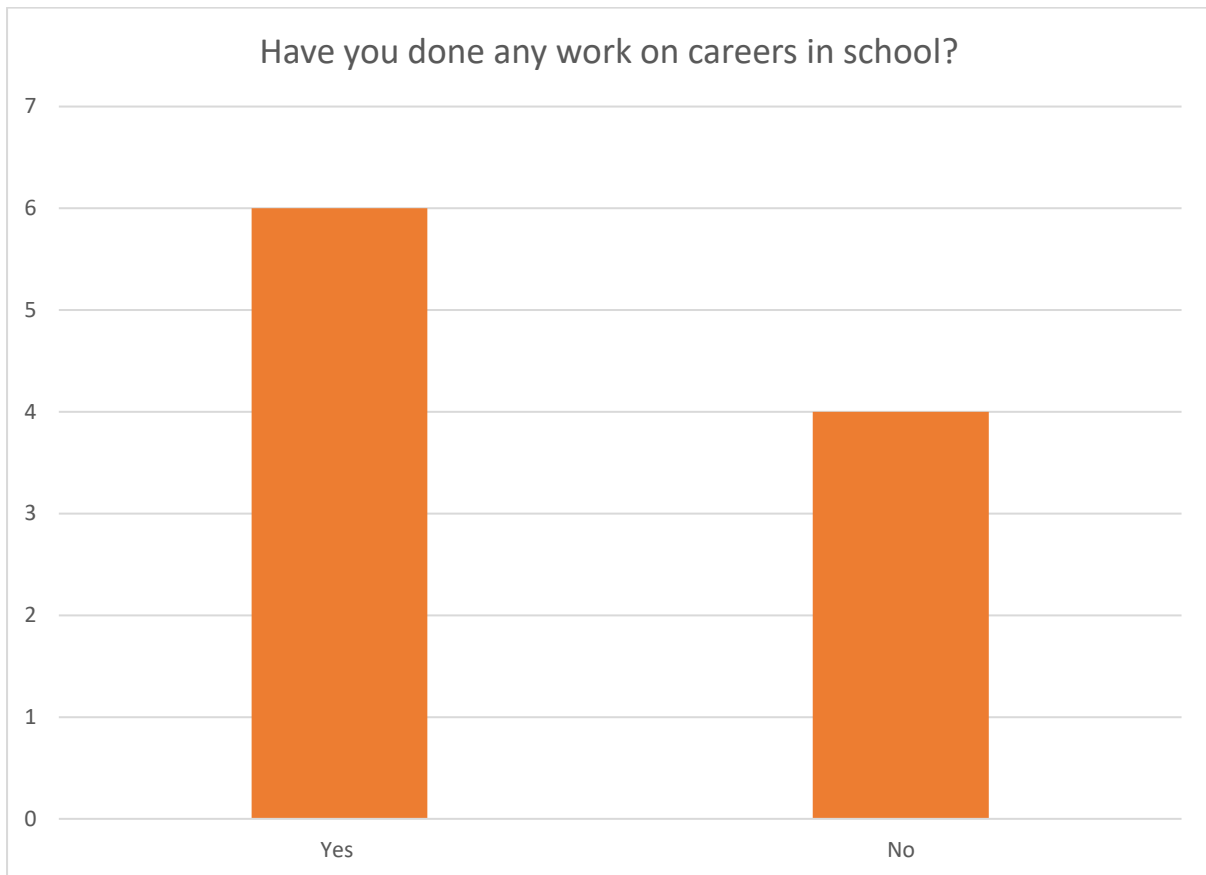

The above 2 graphs verify what our data tells us and despite illness, SEND, parenthood and any other barriers to learning, pupils generally show vast improvement in attendance and attitude. Our PASS (Pupils' Attitude to School and Self) analysis also backs this up.

## **Question 7**

We asked our year 11 respondents (of which there were 3) what careers input they had received. The responses included the following;

Application forms, C.V.s, talks from outside agencies, one to one guidance, careers meetings, taster days and visits. We have also provided links to various useful websites and people to come in to talk about their specific careers. We are currently being matched with an enterprise advisor for the Centre through the careers hub in Doncaster.

### **Question 8**

Some pupils may not be aware that some of the work they have done is towards careers.

### **Question 9**

We asked pupils about the induction process when they first arrived and these are the responses;

*It was good, it helped me a lot*

*It was ok but a bit scary*

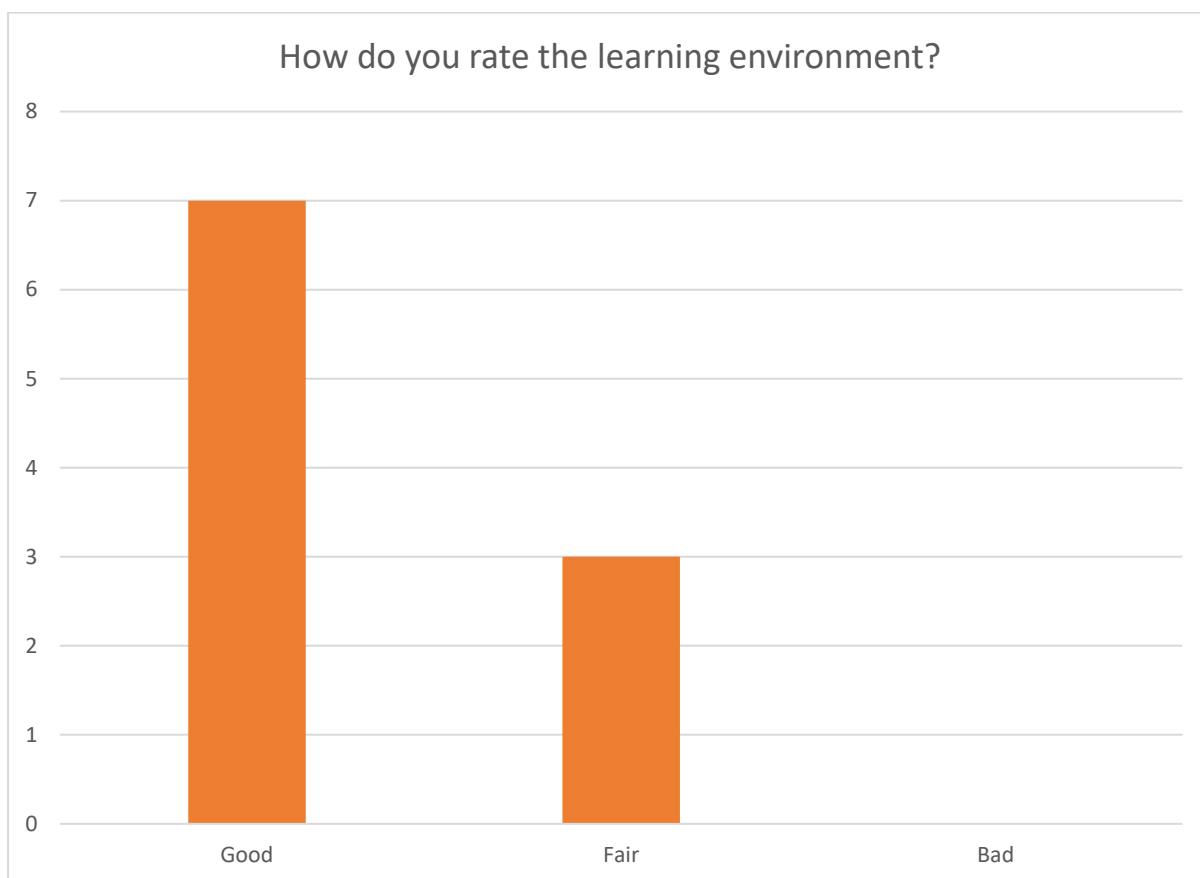

*There was a good amount*

*It was nice and easy*

*It was friendly and welcoming and the staff seemed interested in me and my baby*

*It was nice because it's not a big school The teachers are very nice and welcoming*

### **Question 10**

### **Question 11**

We asked pupils how Maple could improve and these are the responses;

*I think it's ok*

*No not really*

*I don't think it can, it's good as it is*

*Maths room needs a new printer*

*Better heating system*

*I would like music to be available*

### **Question 12**

Finally, we asked pupils what they think Maple does well and these are the responses;

*The fact that there is no uniform*

*The support*

*Everything*

*Toast*

*The support I get from staff*

*We are encouraged to do our best*

*It is welcoming and we are not singled out. We are not forced to do things that make us feel uncomfortable*
