1.7.26 Yorkshire Rose college visit Yr10 Core/Nurture 1-2.30

22.6.26 Apprenticeships speaker at Maple (KS3) Careers lesson.

Behaviour Reward

How do you feel the tokens have gone this year?

KS3 and Nurture feel it has worked well.

Yr 11 felt the tokens had been introduced a bit late this year. They felt they had been ineffective because the behaviour didn't change from before they were introduced. They said the physical tokens were an issue because some teachers forgot to give them out or sometimes they would have a build up and leave them at home and forget to put them in the wallet. They said they did like the idea of the reward being something they could choose themselves.

Their ideas for this year, KS3 Sports afternoon, everyone to join in a football match.

Yr11s cake and colouring afternoon or coffee and pastry.

Nurture, cinema or use of electronics.

Do you want to collect tokens again next year?

Do you like the idea of a year end treat or do you like the idea of Maple Market reward system? This could be to exchange your tokens for small items eg fidget toys or save for a larger item eg kindle.

Consequences

How would you like Maple to apply consequences for repetitive disruptive behaviour?

One pupil said we should keep things as they are. That they appreciate a gentler approach from a PRU and they recognise that some pupils are from struggling backgrounds and that no one size fits all.

Another pupil suggested they should lose 5 minutes of break or lunchtime and even more time lost if they do not complete their work. If they refuse to do their work or are disruptive, have tokens removed.

AOB

KQ suggested on the last day for Yr 11s, the rest of the school, stand outside and clap and say well done, as the Yr11s leave.

Date and Time of next meeting 23.6.26 12.30
