It is National Careers Week next week and we will have activities in relation to this during the week.

### **AOB**

Yr 11 pupils asked about the possibility of Yr11s and Yr10s tutor time being mixed together. They said they are usually quiet as people are still arriving and feel much like another lesson. They would like to hear other people's perspectives on topics discussed eg british values, rather than all their usual peers. IW, representative from Yr 10, agreed with the idea.

All council members asked for Digital reading during DEAR (Drop Everything and Read) and also to be able to do Sudoku during DEAR.

They asked if they can use headphones and listen to music during DEAR and during independent revision and coursework.

IW asked for clarity of where KS3 can mix with other year groups at breaks and lunch time.
